

## Diamonds

### The Black Ghosts

Hallucinations manifestations  
Come thru the gloom  
Elucidation  
My only aim to get to the truth

Speaks like a shot in the dark  
Stick to the edge of the wall  
Smiles like the dead in the night  
Her love will conquer us all

She will get inside (She will get inside)  
Steal the diamonds from the night (Steal the diamonds from the night)

With trepidation  
We hold our station  
We battle through  
No contemplation or conversation  
Unravel you

Stings like a blade in the ribs  
Stick to the words if you know  
Life's like the wind in the trees  
Her love will touch every bough

She will get inside (She will get inside)  
Steal the diamonds from the night (Steal the diamonds from the night)  
She will get inside (She will get inside)  
Steal the diamonds from the night (Steal the diamonds from the night)

When she was good  
She was very very good  
When she was bad  
She was horrid

Like the sun  
She parted the clouds  
Til a ghost laid a hand  
On her forehead

She will get inside (She will get inside)  
Steal the diamonds from the night (Steal the diamonds from the night)  
She will get inside (She will get inside)  
Steal the diamonds from the night (Steal the diamonds from the night)
