

Surrender

The Black Ghosts

Raise em high
Make yourself heard
Protest to the world

Raise em high
Make yourself heard
Protest to the world

If you're feeling restless
Reach for the sky
If you're getting breathless
Reach for the sky
If you've come to wreck this
Reach for the sky
All your fingers and both your thumbs
Reach for the sky

If you're feeling cold
Reach for the sky
If you're getting sold
Reach for the sky
If you've come to roam
Reach for the sky
All your fingers and both your thumbs
Reach for the sky

For the sky
Do or die
For the sky
Sacrifice

If the sun won't rise we will have no way
Of coming down
If the moon won't fall we can never say
When love's around
Only two can whisper in the dark [?]
Only two can perceive and change what it's all about [?]

If you're feeling restless
Reach for the sky
If you're getting breathless
Reach for the sky
If you've come to wreck this
Reach for the sky
All your fingers and both your thumbs
Reach for the sky

If you're feeling cold
Reach for the sky
If you're getting sold
Reach for the sky
If you've come to roam
Reach for the sky
All your fingers and both your thumbs
Reach for the sky

Raise em high

Make yourself heard
Protest to the world

Raise em high
Make yourself heard
Protest to the world

If you're feeling restless
Reach for the sky
If you're getting breathless
Reach for the sky
If you've come to wreck this
Reach for the sky
All your fingers and both your thumbs
Reach for the sky

If you're feeling cold
Reach for the sky
If you're getting sold
Reach for the sky
If you've come to roam
Reach for the sky
All your fingers and both your thumbs
Reach for the sky
