

## A Heart Like Mine

The Black Heart Procession

she stood at the sea in the photograph  
i saw the ship approach to take her love away  
oh please if they should ask you  
tell them you knew a heart like mine  
yes a heart like mine  
she is the one in the photograph  
so i cross the sea to find the love i lost  
oh please if they should ask you  
tell them you knew a heart like mine  
and if they should ask me  
i'll tell them I knew a heart like yours  
and a heart like mine
