

A Sign on the Road

The Black Heart Procession

Did you not see
Wasn't it clear
Or did you just speed by
Ignoring the signs on the road
The signs on the road

Did you not hear
Nobody's coming home

And if it was true
Believe the lines all lead back to you
A mission that leads you astray
Not choosing the right path instead
Wasn't it clear
The writing on the wall

Did you not hear
Nobody's coming home

Don't let it pass you by
Don't leave it all behind
