

Guess I'll Forget You

The Black Heart Procession

Now you know there's no light on the waves
But before I turn there's just one last word
Then I'll try to forget you
Now they say there's no light in the caves
And we all know there's no way out
I'll try and forget you
But before I go I must say
That in my heart you'll always be found
Always but I'll try to forget you
I guess I'll forget you
