

## Heaven and Hell

### The Black Heart Procession

I found heaven and hell  
I found heaven and hell  
I thought you came to rescue me  
I thought you came save my heart  
You came to crush my soul  
I found heaven and hell  
You come to steal my love  
I see love and hate  
I see love and hate

I found heaven and hell  
I thought you came to rescue me  
I found heaven and hell  
I thought you came save my heart  
I found heaven and hell  
You came to crush my soul  
I found heaven and hell  
You come to steal my love

I found heaven and hell  
I thought you came to rescue me  
I found heaven and hell  
I thought you came save my heart  
I found heaven and hell  
You come to crush my soul  
I found heaven and hell  
You come to steal my love  
I see love and hate

I found heaven and hell  
I found heaven and hell
