

When you finish me

The Black Heart Procession

When you're through with me
When your heart aches
When your head spins
When you tempt me
When you finish me
When you cut me
When you kill me
When you forgive me
When you want to hold me
If you bury me
If you miss me
Don't say a word
Don't waste your time
Don't expect me
Just get rid of me
Just drain me
Don't look for me
Don't touch me
Don't come visit me
Don't say a word
Just close your eyes
See if you remember me
Disappear with me
Don't say a word
Disappear with me
Don't you say a word
Just disappear with me

Just close your eyes
Just close your eyes
