

## Run Me Down

The Black Keys

Run me down in the winter,  
Run me down spring,  
Got to the place  
Can't do a goddamn thing  
But after a while,  
You ain't gonna run me down anymore

Run me down in the city,  
Run me down on the farm,  
Run me with your eyes  
And your heavy charm  
But after a while,  
You ain't gonna run me down anymore

I do for you, lord do for me,  
You run me down, where you want me to be  
But after a while,  
You ain't gonna run me down anymore
