The Black Keys

Here I am  
I'm not here now, no, no, no  
And I'll care for you  
Hey, that's all I want to do

Hold me, love me, in your heart

And I'll hold you near  
And I'll whisper in your ear  
I'll take your hand  
I will make me understand

Hold me, love me, in your heart
