

## Till I Get My Way

The Black Keys

Love me, don't leave me  
Make me feel you need me  
Kill me, thrill me  
Don't you know that I will be

Callin' on you everyday  
Till I get my way

Darling, I wonder  
How you pulled me under  
Kill me, thrill me  
Don't you know that I will be

Callin' on you everyday  
Till I get my way  
Till I get my way

Darling, remember  
The cold, cold nights in December  
Kill me, thrill me  
Don't you know that I will be

Callin' on you everyday  
Till I get my way  
Till I get my way  
Till I get my way  
Till I get my way
