

## **Livin' the Blues**

**The Black Sorrows**

Hear me when I say  
Don't know what you'll lose  
Throw your life away  
Livin' the blues  
Every sorry town  
Seems to look the same  
Always feelin' down  
Hang my head in shame

I let that woman go  
I should've held her tight  
Now I'm just layin' low  
Weepin' through the night  
I lost everything I had  
Livin' the blues  
When winter come I'll be glad  
Livin' the blues

I'm givin' you the news  
What it is livin' the blues  
They call it payin' your dues  
Hell it's just livin' this blues

I let that woman go  
I should've held her tight  
Now I'm just layin' low  
Just weepin' through the night  
I lost everything I had  
Livin' this blues  
Come winter I'll be glad  
Livin' the blues

Each long and dusty road  
That wears out my shoes  
Takes me further from you  
Keeps me livin' the blues  
I guess they call it payin' your dues  
Keeps me livin' the blues  
I guess they call it payin' your dues  
Hell it's just livin' the blues
