

When I Start Today

The Blackmail

I used to celebrate my union
It comes along with a pair of pants

When I start today
I won't use tomorrow
You're pushed too far away
It depends on what your borrow

I think that you can use your gun now
It blows my atmosphere away

When I start today
I won't use tomorrow
You're pushed too far away
It depends on what your borrow

And when I stop today

I will crash tomorrow
It depends on what I say to you
And throw away my sorrow
So I won't stop today

When I start today
I won't use tomorrow
You're pushed too far away
It depends on what your borrow

And when I stop today
I will crash tomorrow
It depends on what I say to you
And throw away my sorrow
But I won't stop today

Today
