

Blessed Already

The Blessed Madonna

I don't know if you heard
I don't know if you heard
I don't know if you heard
Yeah
I don't know if you heard
I don't know if you heard
I don't know if you heard
Yeah

I don't know if you heard
I don't know if you heard
I don't know if you heard
Yeah
I don't know if you heard
I don't know if you heard
I don't know if you heard
Yeah

I don't know if you heard
I don't know if you heard
I don't know if you heard
But I'm blessed already

Take me higher
I don't know if you heard
And we'll live like we're on fire
I don't know if you heard
'Cause you take me up higher
I don't know if you heard
It's a good life, baby, it's a good life
'Cause you take me higher
I don't know if you heard
And we'll live like we're on fire
I don't know if you heard
'Cause you take me up higher
I don't know if you heard
It's a good life, baby, it's a good life

Make a way where there ain't no way
Yeah, that hurt but I'll be okay
If I said it, then I said what I say
I can never throw a stone and then try and save face
Yeah, I'm blessed and they know me
Got to floor seats from the nose bleeds
Yeah, I'm blessed and they know me
And they keep coming like I'm gon' sneeze
So let me paint you a picture, baby, as the chapel ceiling
They didn't make you ignore the villains
Every way that they think they did it, I'ma show they did it
And then show them it's just a scrimmage
'Cause sometimes you can't fix the sins with sage
You can't drug the skies away
I don't know if you heard but the word is
That the devil just forfeit and everybody's sayin'

Take me higher
I don't know, I don't know what's good

And we'll live like we're on fire
But I'm blessed, alright, but I'm blessed
'Cause you take me up higher
I don't know why I'm forced to
It's a good life, baby, it's a good life
'Cause you take me higher
I don't know if you playin'
And we'll live like we're on fire
I don't know what to do
'Cause you take me up higher
I don't know if you playin'
It's a good life, baby, it's a good life

Born again, I'm blessed and still
Check the library, next up still
Take away my flaws, I will
Overcome and claw up hills
Just okay when you hear that
I've been doing good, good never been back
Made a brand new lane, grip insane
Chest up high 'cause I did that
Why is it that every other time that I climb
One, two ops try cop what's mine?
I pray hard, his time is divine
I play hard and see through signs
Soldier, every storm is standard
Keep it all one hundred
Tell my guys I've landed
More wins have been added

Take me higher
And we'll live like we're on fire
'Cause you take me up higher
It's a good life, baby, it's a good life
'Cause you take me higher
And we'll live like we're on fire
'Cause you take me up higher
It's a good life, baby, it's a good life
