1000 eyes look at you - 1000 things becoming true Things of passion things of crime - Life is short so use your time $\,$

You aren't safety at the street - A sacrifice of human breed Pain is slipping very deep - if you fall in endless sleep Your friends dies - ... And No One Cries
The feebleness of your body - impossible to study
They tell you what to do - personality is cut in two
You're a victim of lies - ... But No One Cries
Weakness - disease - misery - for me
Million eyes look at you million things becoming true
Things of passion things of crime - Life is unreal so waste you

Pain is slipping very deep - you fall in endless sleep
