

# Hole In The Ground

The Blue Van

For the rest of my life I refuse to die You can dig me a hole i  
n the ground But baby, I'm lower bound

For the rest of the year I won't let you come You can dig me a  
hole in the ground But I'll still be around

I ain't done nothing wrong Still here they come They try me for  
something I haven't done nothing wrong I ain't done nothing wr  
ong I stand accused For feelings and words have misused I ain't  
done nothing wrong

By the and of today I will have to repay All the sorrow and lov  
e that I've drowned With a hole in the ground

I ain't done nothing wrong Still here they come They try me for  
something I haven't done nothing wrong I ain't done nothing wr  
ong I stand accused For hearts and for lovers I have abused I a  
in't done nothing wrong
