

Run To The Sun

The Blue Van

Get off your back and let me tell you something I've been trying
all night long To get you off and turn you on

What can I do to get you to come over Do I have to play it cool
Or light a fire to your fuel

I will run to the sun If it takes me all night long Swim across
the seven seas If that's what it takes to make you notice me

If you let me in I will burn on your skin I will have you gasping
for your breath As you sink your nails into my flesh

Why are you made of stone Sitting on your throne In a moments time
I'll guarantee I'll have you crawling on your knees

I will run to the sun If it takes me all night long Swim across
the seven seas If that's what it takes for you to make me Run
to the sun If it takes me all night long Swim across the seven
seas If that's what it takes to make you notice me
