

2Blunts (Interlude)

The Bones

Guys, this is the last video for the night. I made something that's interesting. See this blue thing? This is a highway, and this is the way
Two blunts when I wake up

Two blunts when I wake up
On my own, don't need to wait up
I'm with the team, so they pay up
I smoke a P throughout the day, yeah
Two blunts when I wake up
On my own, don't need to wait up
I'm with the team, so they pay up
I smoke a P throughout the day, yeah

I keep it on the side of me
I'm pullin' back up out of me
I'm workin' on my alchemy
I'm tryna make it work for me
Then we all try their love for me
Say you ain't where you wanna be
I'm blacked out everyday, cashed as I could ever be
Spin it once and I'ma roll back
Carhartt jacket cause that pump it got some blow back
El, where the shows at?
I be where the flows at
She say that she hate me, I said: "Baby, I-I know that"

Two blunts when I wake up
On my own, don't need to wait up
I'm with the team, so they pay up
I smoke a P throughout the day, yeah
Two blunts when I wake up

See, ahh, see, I'm drivin'
Ahh, ahh
Ahh, ahh
Ahh
I love pictures of trees
See?
