Young Alanis Morissette
But I ain't throwin' peace signs
Steady breaking weed down
I can't even breath now
Windows95 every time I check my email
Rebate sending so I got it under retail
Caps Lock flowing, chat room full of females
House full of details
Stairs like an off-ramp
Came in the game just to update like my software
Password protected, always keep the flow locked up
And if they try to hack it I just X em' like a pop-up
