

Hold that thought, Hold that thought  
I'll only be a minute  
Rolling up, rolling up  
Then "okay, you can finish"  
Fidget when you not around  
Fiending like I need ya  
Buggin' over nothing I guess that's what it means to feel

I turn nothing to something  
You were loving me but I wasn't  
You held me down like I paid you  
You would never ask me for nothing  
Only my heart and my trust in you  
If you go, you know I'll chase you  
Bones  
(Let it out)  
(Let it out)  
(Let it out)

30 for 30, I'm riding dirty (ridin' dirty)  
The military camo, you can't see me well  
Why would you hurt me, why would you hurt me (why would you hurt me)  
I would've never did you like that, I wish you well  
(Let it out)  
(Let it out)  
(Let it out)

Hold that thought, hold that thought  
I'll only be a minute (minute)  
Rolling up, rolling up  
Then "okay, you can finish"  
Fidget when you not around  
Fiending like I need you  
Buggin' over nothing, I guess that's what it means to feel (yeah)

New chain, new house, yeah I like that (I like that)  
Old friends they reach out but I never write back (never write back)  
(I like that)  
(Let it out)  
(Let it out)  
(Let it out)  
(Let it out)  
(Let it out)
