

# 3M

The Bones

Bitch you know I got the juice  
Smokin' doubles, cuttin' fruit  
Ring twinkle like the stars  
So when we pull up in the car  
We light up like some 3M  
They want the team, we them  
Spirulina by the ounce  
You don't know what the fuck I'm talkin' bout  
Solar panels round the house
