The Bones

BONES at the top, ain't no way I'm gettin' down
Try to stop the plots, by the way I lay it down
SESH to the top, ain't no way we gettin' down
7thGenerationBlunts, I'm never comin' down

If you love me, better show me
Back to the old me
Back to the ice roads
Walking by my lonely
Bitch, I bring the windshield
Pop his windshield
He yap a lot say he been real
Fans, bitch, where is he? I got time

But not enough for you
You on my mind so much it's uncomfortable
I dropped my dime, now your bitch say she done with you
Now she down for whatever, like "BONES, it's up to you"

BONES at the top, ain't no way I'm gettin' down
Try to stop the plots, by the way I lay it down
SESH to the top, ain't no way we gettin' down
7thGenerationBlunts, I'm never comin' down
