

# \$SCHOLARBONE\$

## The Bones

White kids acting like I ain't fucking rapping right  
Bitch this ain't no black or white  
I'm black and white with hella ice  
Fuck the world I smoke a blunt blow an ounce in a night  
Moved out my folks so I can tell her the house is ours tonight  
Chain like the arka light  
Girl look like hot spice  
Killer with no intentions and that's it for having off-night  
Can't even talk right I'm going too hard  
Raising the bar and I ain't even got a car

Go, go, put this shit in slow-mo  
Chop-chop and screw it, bang it, bang it in your low bo  
Riding through Soho  
Motherfuck that Polo  
Thrift-shop rags, only \$SCHOLARBONE\$ only
