

# SHOTGUN

The Bones

Still ain't got a license so I'm riding shotgun  
Shotgun cock some white pigs that pop guns  
These pop stars platinum fuck that  
I want some, act like you want none  
Bitch I know you want some  
Sickest bar none, words I got them  
You're favorite rapper, well I probably taught them  
Drugs I bought and bang like someone shot them  
Fuck them cut them, it's soft like cotton  
Bitches probably know if you talking bout a white kid that is n  
ot me  
You pop like lolly, I don't fuck with molly  
Cup full of those jollies, in my syrup drowning  
Robert Downey my white skin, shine bright like lightning  
My white benz my white friends say my shit so fucking sick  
If they don't like it tell em suck a dick  
Tell them th@ kid bring some weapons in  
I must have been like fucking six  
When I was on my bed, screaming fuck the pigs  
Plastic clip in my plastic mag  
Orange tip spraying hella shots  
Not acting white not acting black  
Just acting how I fucking wanna act  
Nose full of coke sock full of crack  
Big gold rope yelling 80 stack  
Grand-master flash, just ashing fast  
If you tryna sesh just pass the test  
Acid best, face better  
Morning needs the dam way I said it  
My females a master piece  
I might just shed a tear, don't let me fucking shed it  
Don't let me fucking shed it, boutta shed a tear  
Don't let me fucking shed it
