

\$KIMA\$K&AGLOCK

The Bones

Break out the mask and the Glock and get rid of you

Ski mask and a Glock

Run up in your spot

My parents taught me well so where the fuck did I go wrong

What the fuck I got to lose

Shoot 'em up that's kinda rude

Rather smoke a blunt and kick a rap but what am I gonna do

I'ma stick 'em up quick and the ricochet doesn't hit a man down
shots fired now I'm runnin' through the kitchen

Bookin' it through the garden sorry bitch I beg your pardon

Killin' all your daffodils and kickin' up all your flowers

I put it down for the kids who fuckin' can't

The kids who hate school but parents won't let 'em fail

Tell 'em I say fuck you and everything that they believe

That's rude as shit but that's just me if you don't like it leave

I got some tricks right here up my fuckin' sleeve

Mask like halloween

Automatic weapons under my bed just tryna sleep

Let it leap up out the sheets

Rip some holes in your knees

Now you goin' out like Tony face down in the deep
