

## Pumpin' Gas

The Bones

Ghouls night out on my '57  
Going straight to Hell,  
don't care about heaven  
Me against the world,  
smell the rubber burn, yeah  
Convertible, rock'n'roll  
and worn out tyres  
Greasy hair and sideburns on fire  
Speeding living dead  
- Alright!

I live with with one foot in the gutter  
The other on the grave  
Everyday is yet  
another judgement day  
I live and I will die in flames

Kickstart-cocktail for my mean machine  
I'm howling at the moon,  
I'm welded to the wheel  
C'mon, c'mon -  
dare to take a chance on me?  
Shifting gears and I'm moving fast  
I smile at the Devil as I kick his ass  
Chicken race?! - No sweat! - Alright!

I live with with one foot in the gutter  
The other on the grave  
Everyday is yet  
another judgement day  
I live and I will die in flames

I got one foot on the pedal  
And one foot in the grave,  
hey baby I'm too wild to tame  
Everyday is yet another bullet day  
I live and I will die in flames!
