

## Screwed, Blued and Tattooed

The Bones

Two wrongs don\'t make one right  
One false get out of my sight  
So come on, you\'re hotter than the sun  
Dance around naked with your black boots on  
Shaking those tits on the catwalk girl  
So come on, you\'re hotter than the sun

You do what you do and I say what I want  
Oh yeah shaking those tits and do your moves  
You say what to do and I do what you want me to  
You do what you do and I do as you say  
Oh yeah shaking those tits and doing your moves  
Oh yeah BABY!

Got screwed, blued and tattooed by you  
But when I\'m doing you it feels so good  
Come on, you\'re hotter than the sun  
I fuck this and I fuck that  
But you, you even fucked me twice  
So come on, you\'re hotter than the sun

You do what you do and I say what I want  
Oh yeah shaking those tits and do your moves  
You say what to do and I do what you want me to  
You do what you do and I do as you say  
Oh yeah shaking those tits and doing your moves
