She Is Everywhere

The Boo Radleys

She hears what I'm thinking, and she also knows What I'm going to say before I do Slip back in my old ways whe she's not around Drinking tim the sun rises anew We are one, my dear, I'd like to say to you Keep my wings around you all the time I am not the same boy that I once was Nowadays I'm so hard to find You make me happy, there's nothing else I can be You make me feel, there's only you and me You made me love you, with everything you are I need you
