

Precious Time

The Boomtown Rats

Doo doo doo
Doo doo doo doo...

Slow down
Time is waiting for no one
I've no time
And I must go now
You've been wasting my time
My precious time

Hold on
I've been sitting here for too long
I could've stayed
But I said 'so long'
You've been wasting my time
My precious time

Doo doo doo
Doo doo doo doo...

Okay
You've outgrown, but it's too late
Be waiting here for the long day
You've been wasting my time
My precious time

You've been telling me your life story
I've got exactly one hour before me
I've got the feeling that everything you say is lies

Slow down
Time is waiting for no one
I've no time and I must go now
You've been wasting my time
Precious time

Hold on
I've been sitting here for too long
It's no fun sitting here, so, so long
Go and waste your time
Your time

You've been telling me your life story
I've got exactly one hour before me
I've got a feeling that everything you say is lies

Doo doo doo
Doo doo doo doo...

Slow down, slow down
It's no fun
We're sitting here
Wasting time
You're taking my time, not yours

Slow down
Hold on, I say 'what's the time'

Why did you lie
Got to go, time to go away
