Under Their Thumb Is Under My Thumb

The Boomtown Rats

Under their thumb Kicked and beaten like an angry rabid dog Under their thumb Squashed and squeezed like a dried-up, rinsed out worm

You can't do a thing Best lie still 'til you wait your turn Can't do a thing Your day will come You're under their thumb

Under their thumb And now you feel you're not alone Under their thumb And now you feel the pressure zone

You can't do a thing Revenge is sweet but it's sugar free Can't do a thing Your day will come Now you're under their thumb
