

Backdoor Man

The BossHoss

Deliciously delicious, heavenly but vicious
The sweet temptation of our relation
Dios mio - qué diablos...

Who's that knock, knock, knocking on the front door?
Boom Boom, gotta run as fast as I can
My Bang Bang Baby I'll be back again
Your back door man, that's what I am - yes, Ma'am!

When you're lonely and nobody's home
You keep calling my number: "come along, come along!"
Unlock your back door and put your cat clothes on
But when he's knockin' on the front door
I gotta run run run... I said

Who's that knock, knock, knocking on the front door?
Boom Boom, gotta run as fast as I can
My Bang Bang Baby I'll be back again
Your back door man, that's what I am - yes, Ma'am!

A little love goes, goes a long way
A two-timing fussy hussy stole my heart away
Baby I'm caught up in the heat of passion
But when I hear it knock
I need a little compassion!

Deliciously delicious, heavenly but vicious
The sweet temptation of our relation
Dios mio - qué diablos...

Who's that knock, knock, knocking on the front door?
Boom Boom, gotta run as fast as I can
My Bang Bang Baby I'll be back again
Your back door man, that's what I am - yes, Ma'am!
