

## Eagleize It

The BossHoss

come on, y'all out there, we wanna put it out  
we wanna teach a lesson 'bout what it's all about!  
we got a brand new aim and we wanna lay claim  
to let out the animal and break some chain

let us eagleize it, let us eagleize it

gotta shout out loud 'cause we wann be heard  
all we want is more and the bird is the word  
we all got wings just forgot how to use 'em  
now break free, baby, it's our aim of fortune

let us eagleize it, have you heard? the bird is the  
word

going anywhere, don't wanna stay for long nowhere  
being free as an eagle flying way up in the air  
and who's gonna stop us? we're just going with the flow  
we won't forget our animal, we'll wake it up somehow!

let us eagleize it, let us eagleize it

so come on now folks, let us set it straight  
we wanna spread the word, there's no time to waste  
we wanna shout out loud, 'cause we wanna be heard  
'cause the bird, bird, bird, the bird is the word

let us eagleize it, let us eagleize it

going anywhere, don't wanna stay for long nowhere  
being free as an eagle flying way up in the air  
and who's gonna stop us? we're just going with the flow  
we won't forget our animal, we'll wake it up somehow!
