

I'm On A High

The BossHoss

cruisin´down the street in my pick up truck
i´m on my way to see my usual crew
no need to hurry no need to worry
oh no mama don´t feel blue

i´m gonna see my baby ´cause she´s waiting for me
i´m gonna take her to the rodeo show
no need to hurry no need to worry
oh no baby let it go

i´m on a high with you
head over heels i´m on top of the world
i´m on a high with you
ready to fly, gonna touch the sky
well i never had a drug that worked so good
no matter how much i took
i´m on a high with you
head over heels yeah i´m spreading my wings

hey butter-cup come on and jump on my truck
you look beautiful today on this beautiful day
we don´t need to hurry, don´t need to worry
oh baby listen what i say.

come on now move a little closer put your hand on my
knee
while we´re cruisin´ down the road, just you and me
gonna be there in time to see the friends of mine
gonna have a hell of a time

ref

cruisin´down the street in my pick up truck
i got the boys in the back and my babe on my lab
no need to hurry no need to worry
oh no mama just be cool

i´m on my way with you and the usual crew
yeah we´re headin´for the rodeo show
no need to hurry no need to worry
oh yeah baby let it flow
