

She

The BossHoss

That I could love with all of my mind
That I could love with all of my mind

She is the one for me
She is hitting me hard, yeah she's all over me
She is the one for me (She)
I'm selling my soul to the devil
Just to have her forever 'cause
She looks so beautiful to me
You really can count on me
1, 2, 3 she's the one for me
1, 2, she, she's the one for me
She's the one for me

Suddenly my priority went in a way I used to disagree
And I knew I didn't have no chance to hold back
Nothing else but she, she, she
Well I was strong all of my life I never lost but I sacrificed
But she gave me good advice by the look in her eyes
Just by the look in her eyes, by the look in her eyes

She is the one for me
She is hitting me hard, yeah she's all over me
She is the one for me (She)
I'm selling my soul to the devil
Just to have her forever 'cause
She looks so beautiful to me
You really can count on me
1, 2, 3 she's the one for me
1, 2, she, she's the one for me
1, 2, she, she's the one for me

You know (She), is so beautiful (She)
Keeps telling me (She), really loves me (She)
Knows how to please (She), knows how to tease (She)
Touches my lips (She), is giving me the kicks
She is on the way to my heart by touching my soul
She is setting me free but I'm under control
She is everything that I adore
She's what I am living for

She is the one for me
She is hitting me hard, yeah she's all over me
She is the one for me (She)
I'm selling my soul to the devil
Just to have her forever 'cause
She looks so beautiful to me
You really can count on me
1, 2, 3 she's the one for me
1, 2, she, she's the one for me
1, 2, she, she's the one for me
