

What I Did For Love

The BossHoss

Talking loud, talking crazy,
Love me outside,
Pray for the rain to come,
Don't dry again.
Guess it's true what they say:
I'm always late.
Say you need a little space.
I'm in your way.

It hurts, but I remember every scar.
And I've learned,
But living is the hardest part.
I can't believe what I did for love.
I can't believe what I did for us.

Passionately burning to flames
Stitch myself up, then I do it again

I can't believe what I did for love
What I did for love
(What I did for love)
What I did for love
What I did for
What I did for
What I did for love

[Nena:]
I'm a fool for your games
But I always play
Can't admit it was a waste
It's too much escape
It hurts, but I remember every scar
And I've learned
But living is the hardest part.

[Together:]
I can't believe what I did for love
I can't believe what I did for us
Passionately burning to flames
Stitch myself up, then I do it again
[Together:]

I can't believe what I did for love
[Nena]:

What I did for love
[Together:]

What I did for love
What I did for love
What I did for love
What I did for love
What I did for love
