

Do you remember when the days gone by?
Or is there no point for us to even try
Back when we didn't have a care in the world
Getting drunk and chasing girls

Do you remember the days gone past?
And how we always wanted the good times to last
The time we spent hanging out
Is how we learned what life was about

Everything is set for the perfect night
When music is playing and it sounds just right
It gets inside and helps you to be
All that you want and you are free

Those times that we all hoped would last
It seems that they've gone by so fast
I woke up one day and I was 25
With a hell of a hangover and some demented sense of pride

All we had was our dreams
That's all we needed to be free
To be free (3x)

After the party came and went
I found myself half bent
I had to stop and look around
And my friends were all I found

All these things I thought were wrong
But these contradictions, they made me strong
Yea, I know I can be free
And it all came from inside of me

All we had was our dreams
That's all we needed to be free
To be free (3x)

Do you remember? I do! (4x)
I do!
