The Bouncing Souls

You have this certain something  
You're my blues and my swing  
No exaggeration  
You're the greatest compilation  
You are disintegration  
My girl, my temptation

You're my rock steady beat  
Maybelline in the drivers seat  
You're the songs that bring a tear  
Embrace the love, embrace the fear  
Don't run to search for your heart  
Love will tear us apart  
You inspire devotion  
Every emotion

You're my favorite everything

You're the reason that I sing

No I won't waste my time  
Trying to find  
Another reason to love  
Time after time
