

Of all the days
And places we have seen
There are a few
We're on our way
We must have walked down Colfax Ave
At least a thousand times
Looking for adventure
And finding every kind

We looked deep into the eyes
Of the early dawn
Underneath the street lights
We felt it coming on

Another day
Let's play
It's another night in Denver
A place so close to me
Let's stay
Let's play
It's another night in Denver
No place I'd rather be
Today

Of all the days
And places we have seen
There are a few
That we come back to
Time and time again to see old friends
We'll be doin' what we do
If we don't catch you this time
We'll see you

Another day
Let's play
It's another night in Denver
A place so close to me
Let's stay
You know its all our show
Let's play
You know, you know, you know
It's another night in Denver
No place I'd rather be

Let's stay
You know its all our show
Let's play
You know, you know, you know
It's another night in Denver
There's no place I'd rather be
Today
