

## Everytime

The Box Tops

Every time I think of you  
I get a little bit blue  
It happens every time  
Photographs, souvenirs  
Remind me of those happy years  
It happens every time

Just when I think I've got you outta my mind  
Some old memory comes along, and spoils it every time

Every time I hear your name  
I feel a dreadful pain  
It happens every time  
Our old friends, who make me blue  
They keep reminding me of you  
It happens every time

Times I see you walking down the street  
And my heart falls to my feet  
It happens every time  
Now if the crowds would disappear  
And I just can't hold back my tears  
It happens every time

Every time I see you, I have a strong attack  
Every time I see you, I long to have you back, every time
