

Keep Me Close

The Boxer Rebellion

So what do you take me for
What do you see inside
What do you believe I am
What would you disguise

And that you
Nothing left to disguise

So what do you take me for
What do you take me for

The devil whipped instead

And everyone knows
Can see it sinking

Keep me close
Keep me close
Keep me close
Keep me close

Way, way

Keep me close
Keep me close
Keep me close
Keep me close
