

Murder Ballad

The Boxer Rebellion

Wait
Take a leap of faith
Set your boundaries straight
Pick a time and place

There are many questions posed yet
I don't want to lie

Follow signs
Tell a lie
Follow signs
Watch the watch the world pass by

Please
Come to grips for me
And I will set you free

There are many questions posed yet
I don't want to lie
Run the questions round the head
And I can't take away

Follow signs
Tell a lie
Follow signs
Watch the watch the world pass by

Hold these secrets deep inside
So they cannot be heard

And don't you worry about the thing
And I swear you won't be hurt
Be hurt
