

Safe House

The Boxer Rebellion

One eye open
I look away, I was searching, but couldn't take anymore
But the best idea that I've ever had
Seek the answers I'd been looking for

One eye closed
To indifference, to the things I did nothing about
And I've waged this war for far too long
Want to change it, want to stamp it out

So follow me, help me out
I have no guarantees
But the shade of a safe house

Eyes wide open
Up in front me, see the world as though I'd never seen her before
And I scream aloud that I've found my home
That I won't be lonely anymore

So follow me, help me out
I have no guarantees
But the shade of a safe house

Let go, let go
For tomorrow, is all a new day, not too far away
