Step Out Of The Car

The Boxer Rebellion

Step out of the car Inner-city action It's already won It's already won

Charges bring a swarm To rumors of corruption It's already war It's already war

And I'm looking for you So surrender to me In this storm It's hard to see There's a thin line between Love and hate Love and hate

Step out of the car Acts of desperation Leave you in a mess Leave you in a mess

Americana's glow Is gone without a place to go It's already war It's already war

And I'm looking for you So surrender to me In this storm It's hard to see There's a thin line between Love and hate Love and hate

Voices winning me instead Undercover in my head Voices winning me instead Triggers pointed at my head
