Yeah oh

Today, you're
Like a thin leaf
Shaking in the wind
How could I love you
When you don't even
Try to love yourself

When night comes, you hold onto the blanket
When morning comes, you lock your door
After a day is over
You erase your half-erased makeup

Don't hide in the shadow anymore, it hurts too much
Remember those times when you were so bright and pretty
If you keep changing and covering your ears

I'll have to go behind the stage

I go back to you
I'm going back to you
I'm holding you again
I can't leave you again

I go back to you
I won't let you go now
Now hold me tight
I can't leave you again

Just like a new spring comes
Your winter
Met me with melted tears
Why are you hesitating?
My arms are open wide
Are you scared that I'll fall if I hold you?

I know we'll be together, right
I know even if you don't say it
Come to me
Pull me into your arms

I'll hold you right
Pull me like a magnet
Even if you try to push me away
If your arms have no strength
Just hold my hand
Don't fall down, if you believe in me

I go back to you
I'm going back to you
I'm holding you again
I can't leave you again

I go back to you
I won't let you go now
Now hold me tight
I can't leave you again

In this empty concert hall with only silence
I muted your heart too
With a different wind, I found someone who resembles you
But it was a mistake, I'm the same as before
How about you? Waiting without promise
Aren't you tired?
When I see you again, what face should I make?
I think about it then another day passes

I'm going step by step to you
I'm not sad over the break up
But I'm talking to you
Going back

I go back to you
I'm going back to you
I'm holding you again
I can't leave you again

I go back to you
I won't let you go now
Now hold me tight

I can't leave you again

I can't leave you again

Yeah oh
