Yeah, what we all saw, maybe awesome  
All the emotion  
Drink potion, illusion  
A spell (Can't stop this)  
So deeper, dive

Bad luck  
Typhoon eyes  
Never end, I want it more, the bad, bad love for you

Can't stop now  
Realize  
I can't stop now  
I want it more

Bad luck (Oh, bad luck)  
Neverland me and you  
I want it more, the bad, bad love for you

Confused  
Happy ever after  
Love it, I love it, baby  
Happy ending with you  
I want it more, the bad, bad love for you

Can't stop this  
Mm, yeah

In the tender fluttering of your touch that stirred up my heart  
My all is completely soaked in that light  
Love effect, you know, the rain that soaked my dried-up self  
The twist of fate that raised my head when I was blind

It's becoming unbearable, getting more severe  
The confusion has already started  
Even if I take a step closer  
You drift two steps farther away  
Breaking down every day, more  
I need you, in love  
Twisting, we get it on

Emotions tangled like mingling breaths  
The night that strikes from behind

So clearly coated with bad luck  
Swirling typhoon eyes  
In the pouring rain digging into wounds  
Deepened despair  
Never end, as much as I desire you  
I want it more, the bad, bad love for you

Yeah

Tell me what you know, tell me what you want  
Pushing and scratching me, your something  
Arguing as if there's no tomorrow  
The leashes that entangle us with each other bite you  
Take a second now, now, why is everyone  
So happy? Lips are losing blood  
Asking myself and thinking  
Annoying, everywhere, everyday

Becoming unbearable  
The disagreements circling us  
Even if you burn me hot  
You're freezing cold  
Even the shattered pieces  
I need you, in love  
Swept away, we going on

Yeah, what we all saw, maybe awesome  
Emotion that will become poison once you grasp it  
Drink potion, illusion  
A spell I can't break is cast upon me (Can't stop this)  
Pain becomes dull as it seeps in  
So deeper, even if it drives me crazy, dive

So clearly coated with bad luck  
Swirling typhoon eyes  
In the pouring rain digging into wounds  
Deepened despair  
Never end, as much as I desire you  
I want it more, the bad, bad love for you

Can't stop now  
The moment I stop, I face it, I realize  
I like it even if this suffocating feeling gets worse  
I throw my entire heart to you

I've sown bad luck deep into your torn heart (Oh, bad luck)  
The more unfortunate, the more perfect you are  
In the rain falling like the tragedy has been completed (In the falling rain  
, baby)  
Salvation won't come  
Me and you inside Neverland  
I want it more, the bad, bad love for you

Facing each other's wounds  
We embrace, we're confused  
If it's you, everything is happy ever after to me  
Love it, I love it, baby  
Smiling with twisted lips  
Happy ending with you  
I want it more, the bad, bad love for you
