Dear, my only one
With closed eyes, slow down
Deep night filled with thoughts of you, yeah
There are so many things I wanted to say
But only in a few words now
My heart is grateful
For the memories we shared together in our last time

Now I finally found you, my love, baby
This trembling makes me feel like I'm in a fantasy
Even in the cold winter, it's okay, 'cause I'll be by you, my love
I'll spend this season that returned again with you

Ooh-oooh, yeah, yeah
No

I, who was frozen by the slightest movement
The moment I met you
A light shining warmly in our lifetime
Slowly enveloping me

Now I finally found you, my love, baby
This trembling makes me feel like I'm in a fantasy
Even in the cold winter, it's okay, 'cause I'll be by you, my love
I'll give the warmth that fills me up, oh, to you

When the snow falls all white on this road
We just need to keep walking on top of it, oh

My heart that I've protected for a long time, baby (Oh, baby)
I promise it won't wither forever (I promise)
Even if it becomes numb, it's okay, 'cause I'll be by you forever
This song is a letter I send to you
Sincerely, from yours
