How much more do I have to go? Where are you?  
You should know by now, why are you running away?  
What are you afraid of? Why can't we start this?  
Just trust me, I know this sounds typical  
But I'm different  
I'll give you happiness you've never seen before

Look at me, my eyes, my nose, my lips  
Everything is ready for you  
Hold my hand, let's go  
Trust me and follow me

I'm going up  
I'll bring you  
Don't be scared  
It's a paradise  
I have more to show you  
More new things  
Hold on tight  
Trust me

You don't need to be shy  
Everyone wants to be you, they're jealous  
If you still  
Don't believe me, I'll show you  
Close your eyes and feel it  
My heart that only beats for you

I saw your eyes shake a little  
You're getting more and more curious  
You already know  
That you'll be happy with me

I know you want me too  
That you're just scared  
Hold my hand, let's go  
I won't ever let go

I'm going up  
I'll bring you  
Don't be scared  
It's a paradise  
I have more to show you  
More new things  
Hold on tight  
Trust me

I'll run far as if today's the last  
You can rest in my arms  
All the times  
That suffocated and hurt you  
Throw them all away and run higher higher

I'm going up  
I'll bring you  
Don't be scared  
It's a paradise  
I have more to show you  
More new things

Hold on tight  
Trust me
