What's the trend these days?
Obviously, it's gonna pass
I get bored with the same things
I just wanna live like me

But when I see you, I'm (different)
You're kinda special (I know)
I never saw this before (if)
You feel it too

Look at me, I'll show you something new
To burn your heart, to awaken your thoughts
I'm ready for you

I got it, got it, got it, got it
I got it, got it, I know a little something

I got it up, got it, got it, got it
You know I got it

Why are you scared from the start?
It's not a big deal, it's alright
If you don't really know,
Just follow me, that's all

Who cares if it's wrong,
There's no such thing as an answer
Who cares if you get hurt?
I'd rather hurt than regret
But that won't happen,
You know why
Because the one next to you is me

Believe in me, I'll teach you what happiness is
I'm ready to get rid of
The same days

I got it, got it, got it, got it
I got it, got it, I know a little something
I got it up, got it, got it, got it
You know I got it

I don't know how to do just enough
Cause I pass the limit every time
You might fall really hard, don't worry
I'll take responsibility
I'm confident

I got it, got it, got it, got it
I got it, got it, I know a little something
I got it up, got it, got it, got it
You know I got it
