All the things that hurt you
People who keep provoking you
In order to block all of those things, I'll circle around you
And protect you
Even when you complain
Or get mad sometimes
I like you
I'll protect this place for you

I'll protect this place

I feel sentimental
My head hurts (oh yeah)
Even if you briefly glance at me
My dopamine overflows

I'm just taking my time
My friends laugh at me (oh no)
I can't focus on anything else
(Wow wow I can't snap out of it, I'm fallin)

If you're like me, if you feel the same
Then is this love? Or
I'm gonna get your lovin
You're so pretty, how can I just stand here?

All the things that hurt you
People who keep provoking you
In order to block all of those things, I'll circle around you
And protect you
Even when you complain

Or get mad sometimes
I like you
I'll protect this place for you

I'll protect this place

Deep in the night
I just look at the star
But you shine brighter and you steal my heart away
Each minute and second are so precious
Wherever and whenever, you're always so pretty
I've fallen for you, without even knowing
When I'm looking at you, I keep avoiding your eyes
What should I do, I'm so shy
(Wow wow worrying again today)

If you're like me, if you feel the same
Then is this love? Or
I'm gonna get your lovin
You're so pretty, how can I just stand here?

All the things that hurt you
People who keep provoking you
In order to block all of those things, I'll circle around you
And protect you
Even when you complain
Or get mad sometimes
I like you
I'll protect this place for you

I always want to be a young boy
If I can protect my heart
I can always protect you

All the things that hurt you
People who keep provoking you
In order to block all of those things, I'll circle around you
And protect you
Even when you complain
Or get mad sometimes
I like you
I'll protect this place for you

I'll protect this place
