Now I'm on the town like I ain't heartbroken  
Drink away the pain 'til you come over, over

Oh, yeah  
Oh-oh

Come into my heart without hesitation  
Leaving behind a fascinating deep scent  
Leave me  
'Cause you got that, that, you know?  
I can't get out of it, as time goes by  
It becomes clear, even your little breath  
You're the one I'm looking for, shake me up again  
It seeps into me without any sound

Girl, I know  
The more you try to push me, the more you hover around me  
Oh  
If only I could have you

Give me everything so I don't wilt  
I want to bloom beautifully  
'Cause you're pretty like a rose, intoxicated with ecstasy  
Gotta confess but no one compares  
Even the sharp way your eyes talk  
Is driving me crazy, I'm falling down  
Let me know, baby  
I wanna know if you care, hey, yeah

Even though I knew I would get hurt, I had no choice but to go  
Your traces left on me never leave  
I'm used to the pain, as if it had been like that  
Disappear without a warning  
I went deep (I heard it)  
Know I still feel you around, feeling you there like some kind of ghost  
I know it's too late to turn back  
I've been waiting for your attention, baby

Girl, I know  
The more you try to push me, the more you hover around me  
Oh  
If only I could have you

Give me everything so I don't wilt

Gotta confess but no one compares  
Even the sharp way your eyes talk  
Is driving me crazy, I'm falling down

I wanna know if you care, hey, yeah

My time flows and stops depending on you  
Your silhouette is deeply engraved  
I can't get you out of my mind  
Give me a call, don't want it no more  
I want to fill myself with you  
I'm unfamiliar with the feeling I've never felt before, but  
It's more than love, woah, woah

Give me everything so I don't wilt  
I want to bloom beautifully  
'Cause you're pretty like a rose, intoxicated with ecstasy
