

Love Is

The Brand New Heavies

Hey, what you say?
25 from around the way
Many times passing by
Did you smile just a little bit, baby?
Don't wanna waste my time
Don't need no bad company
Don't you see?

Kind of forward, I know, you say
But you've been asking around about me
Always do, got to do
A little bit of research baby
Don't wanna waste my time
Don't need no bad company
It's just not for me

Don't you know that
Love is what you make it, baby?
You give a little
You take a little, you care a little
To get a little lovin'
Love is what you make it, baby
You give a little, you take a little
You fix a little, you break a little, baby

Everybody's got history
Where I've been is what makes it me
Up and down, round and round
Yeah, I seen some tough times but I
Know that I am better for the lessons life's showing me
Because now I'm free

Don't you know that
Love is what you make it, baby?
You give a little
You take a little, you care a little
To get a little lovin'
Love is what you make it, baby
You give a little, you take a little
You fix a little, you break a little, baby

It takes a while to find your way
Looking for a better place
Took a trip inside today
I wanna ask a question here
Why we fail to see what's in front of we
It can only mean, oh baby, it's love
What you gonna do about it?

Love is what you make it, baby
Love is what you make it
You give a little, you take a little
You give a little to get a little lovin'

You give a little
You take a little, you fix a little
You break a little, baby

Love is what you make it, baby
Love is what you make it
